

### **Our Vision**

**‘To be the first-choice solutions provider of contract manufacturing, supporting our customers to develop and deliver products into highly regulated markets such as Healthcare, Cosmetics and Nutraceuticals’.**

### **Our Mission**

**To develop and invest in people, technology and infrastructure so as to ensure the provision of the most cost-effective solutions for our customers.**

**To support our customers to meet their product development needs whilst providing the highest level of Quality Assurance.**

**To provide our customers with quality products and services so as to ensure total satisfaction.**

**To effectively manage our costs so as to maintain our competitive position in the contract manufacturing healthcare market.**

**To ensure all our undertakings are conducted in a professional and ethical manner and thus maintain the trust and support of our valued customers, whilst constantly enhancing shareholder value.**
